

Jaccard overlap scores (Chordata)

Similarity between the Phylum-level distribution of ICL with other domains

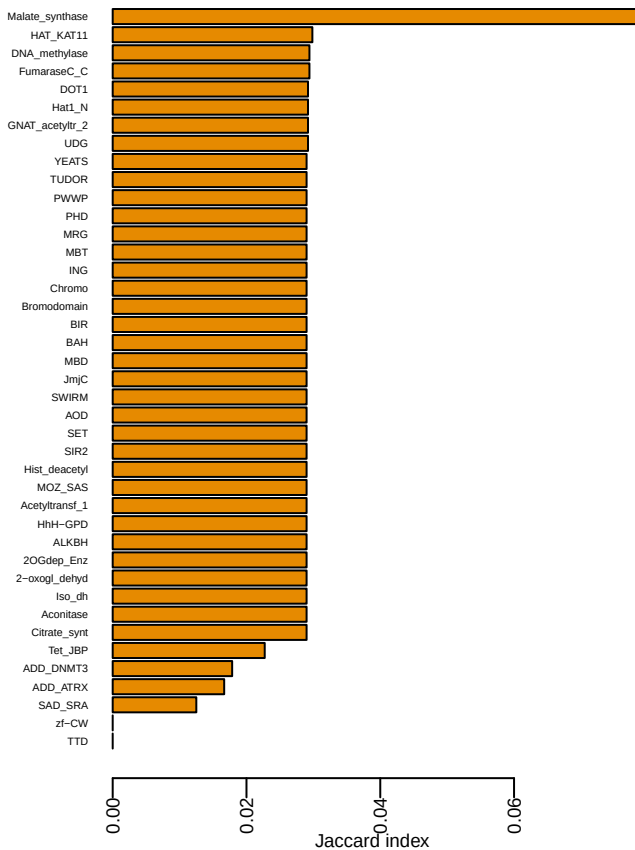

Jaccard overlap scores (Echinodermata)
Similarity between the Phylum-level distribution of ICL with other domains

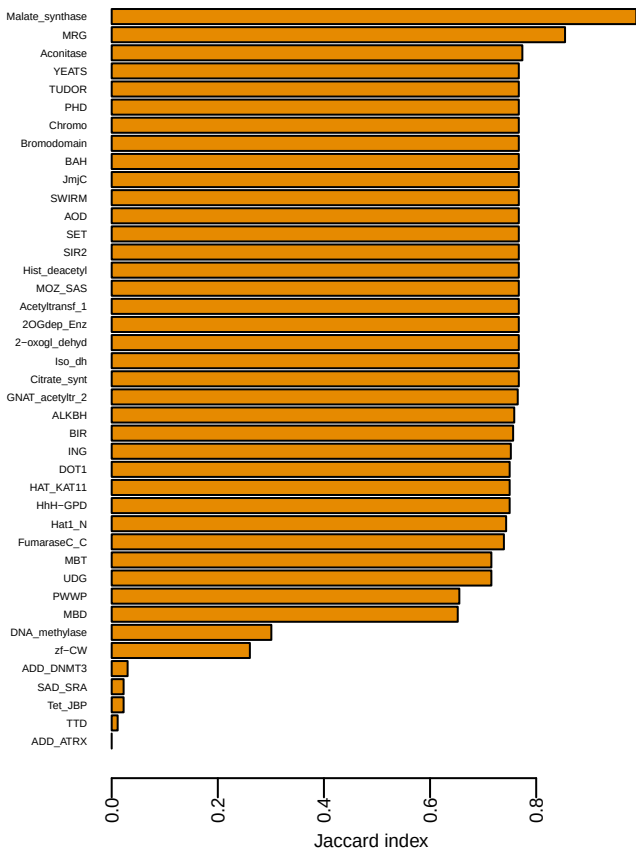

Jaccard overlap scores (Arthropoda)

Similarity between the Phylum-level distribution of ICL with other domains

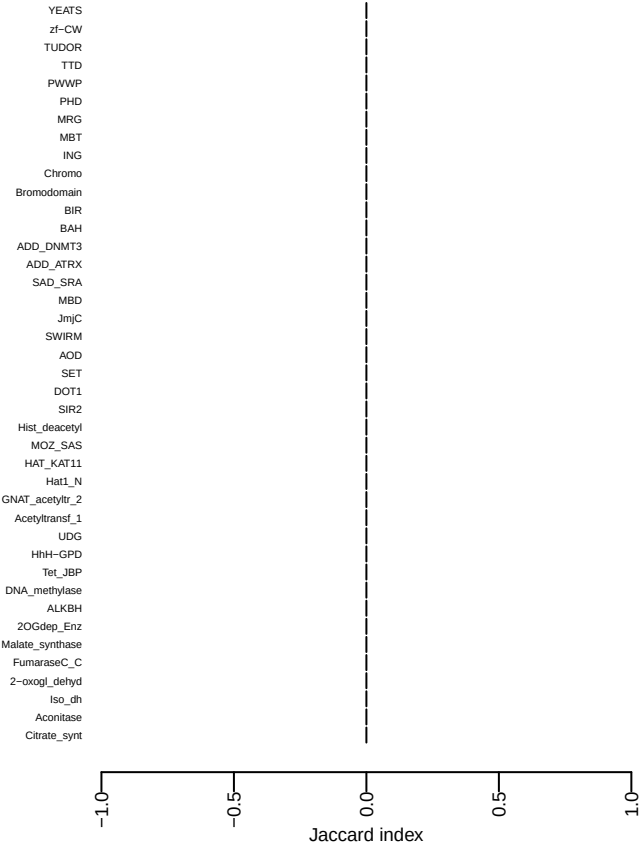

Jaccard overlap scores (Nematoda)

Similarity between the Phylum-level distribution of ICL with other domains

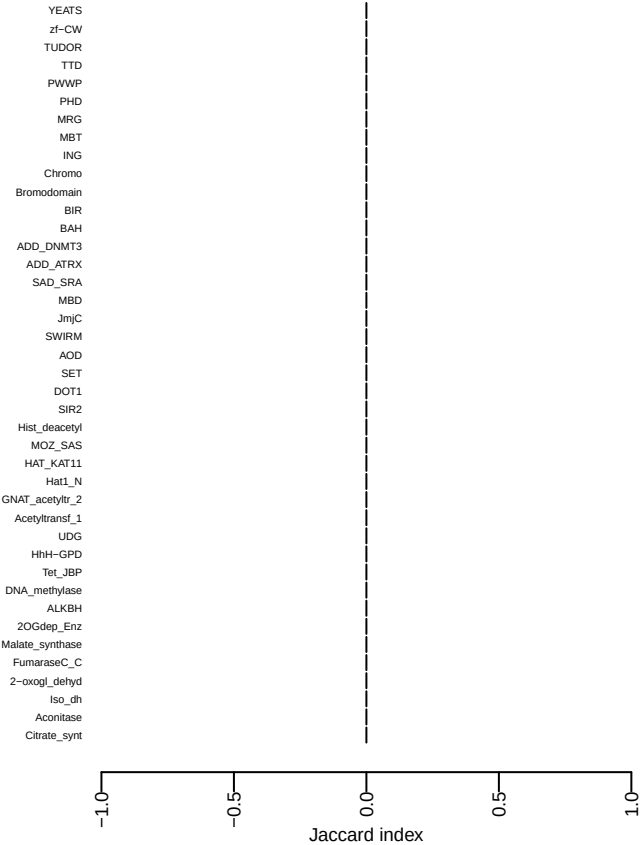

Jaccard overlap scores (Priapulida)

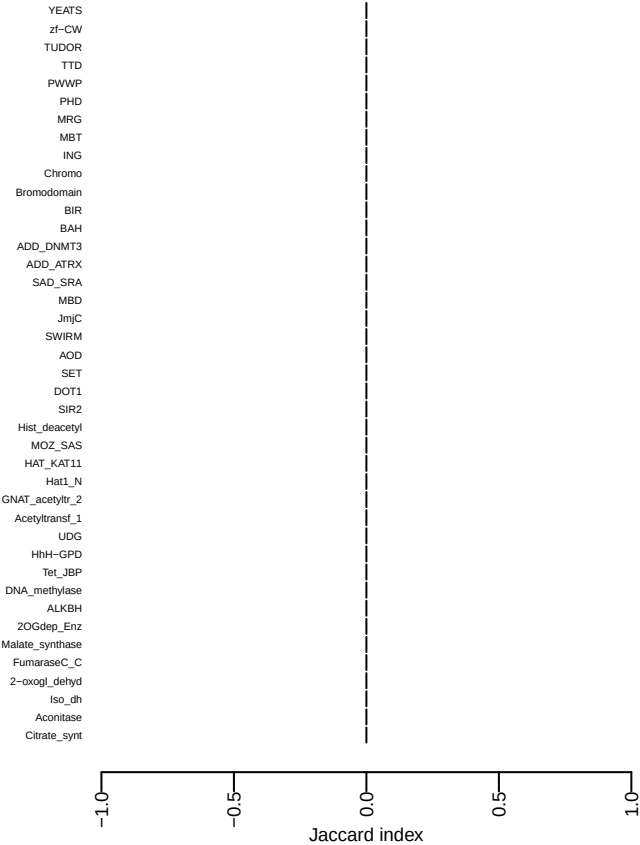

Similarity between the Phylum-level distribution of ICL with other domains

Jaccard overlap scores (Mollusca)
Similarity between the Phylum-level distribution of ICL with other domains

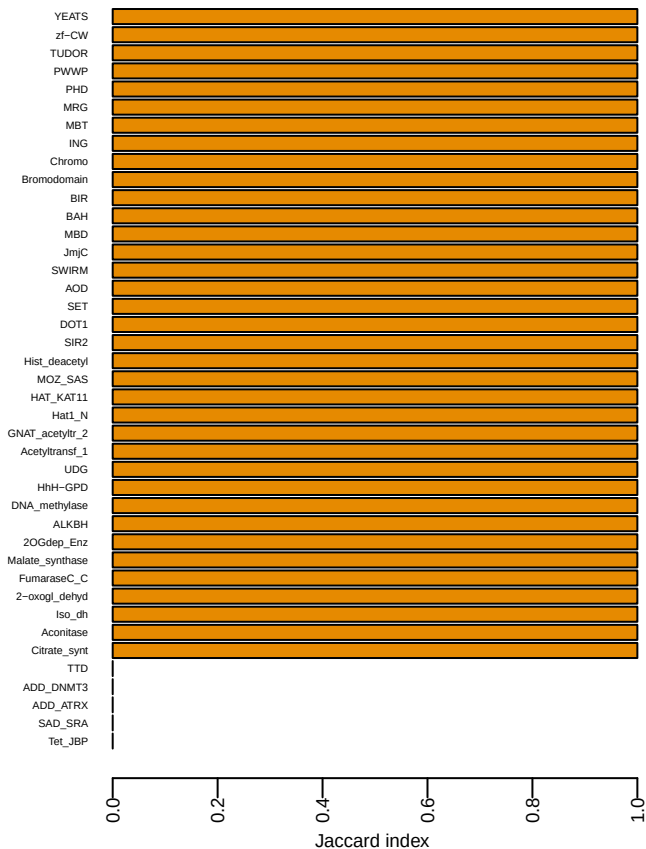

Jaccard overlap scores (Annelida)
Similarity between the Phylum-level distribution of ICL with other domains

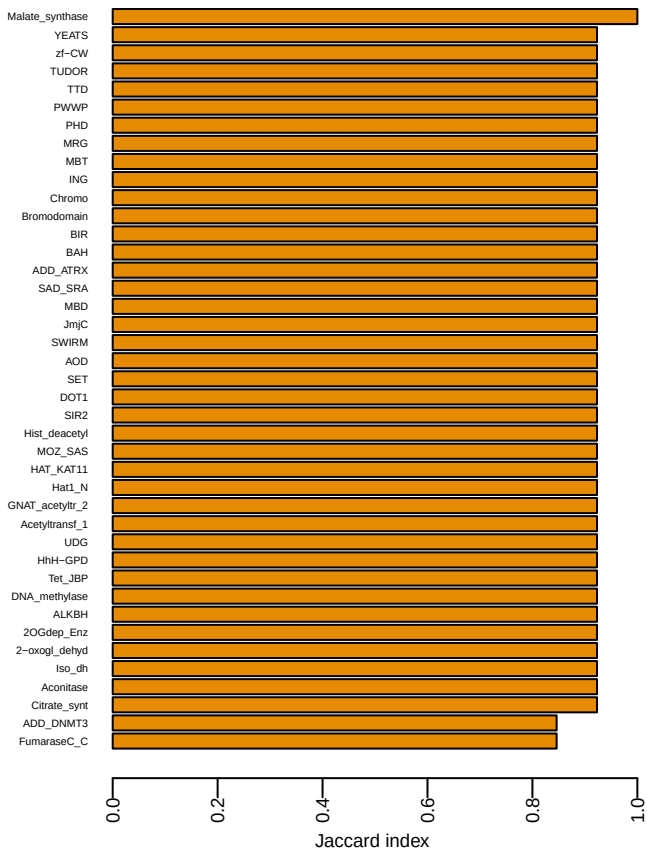

Jaccard overlap scores (Rotifera)

Similarity between the Phylum-level distribution of ICL with other domains

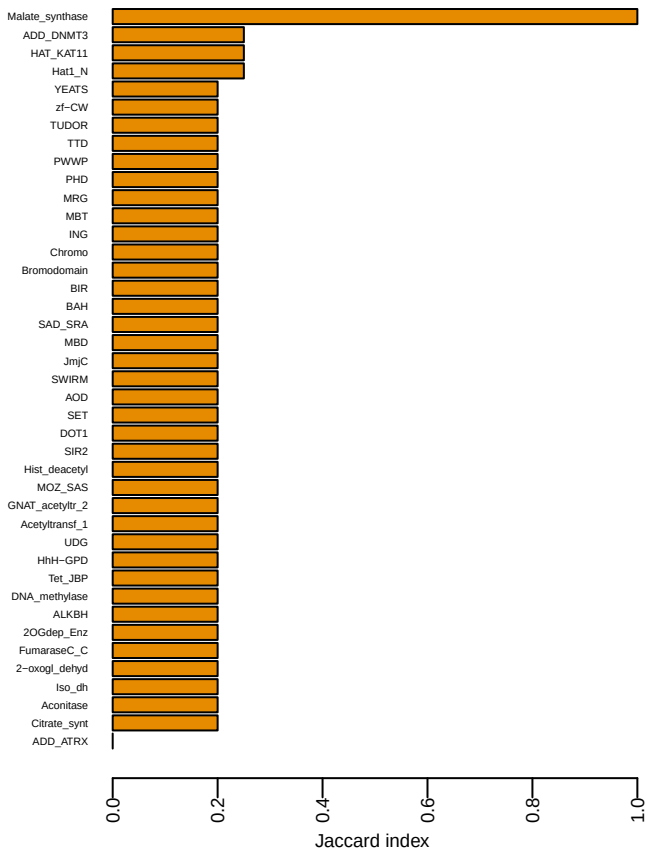

Jaccard overlap scores (Cnidaria)

Similarity between the Phylum-level distribution of ICL with other domains

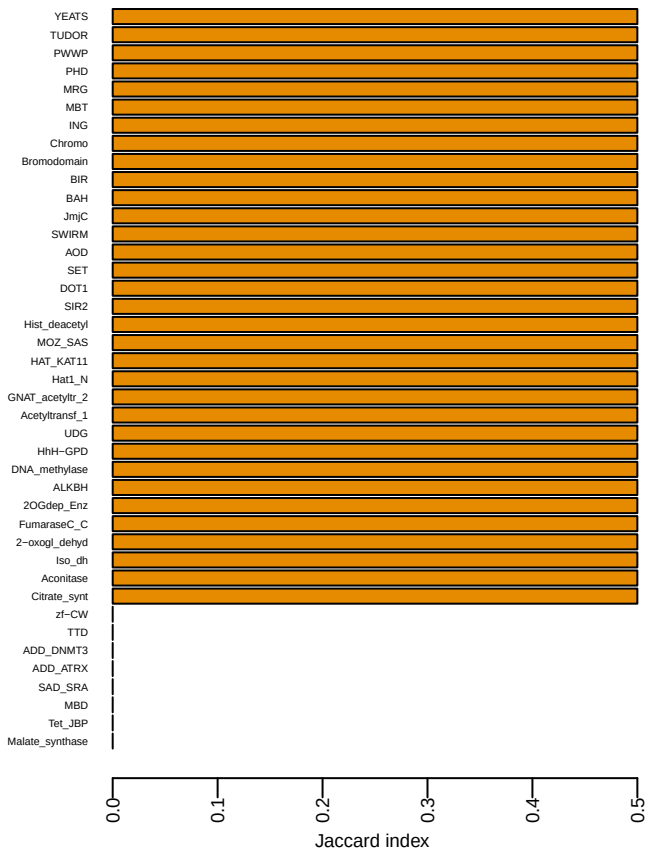

Jaccard overlap scores (Porifera)

Similarity between the Phylum-level distribution of ICL with other domains

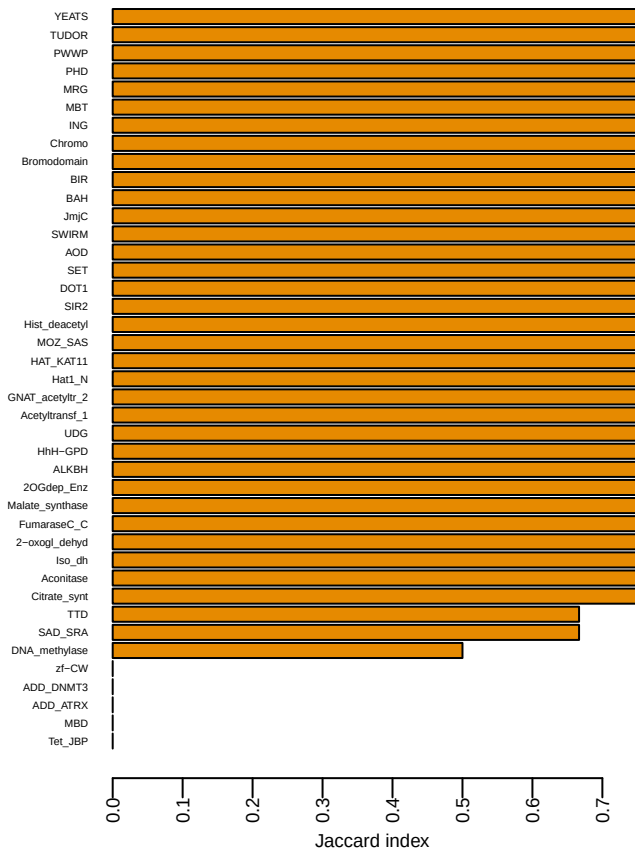

Jaccard overlap scores (Choanoflagellata)

Similarity between the Phylum-level distribution of ICL with other domains

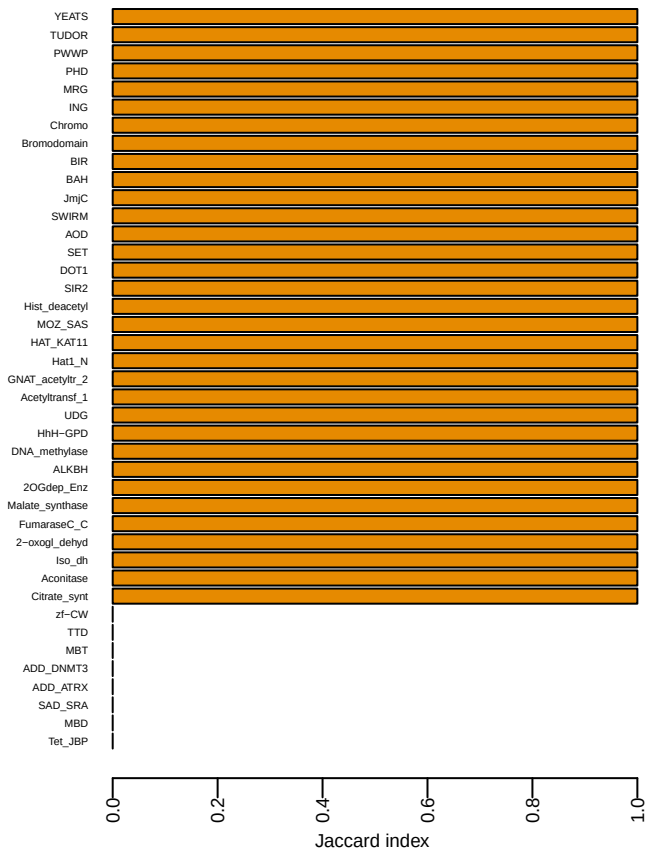

Jaccard overlap scores (Filasterea)

Similarity between the Phylum-level distribution of ICL with other domains

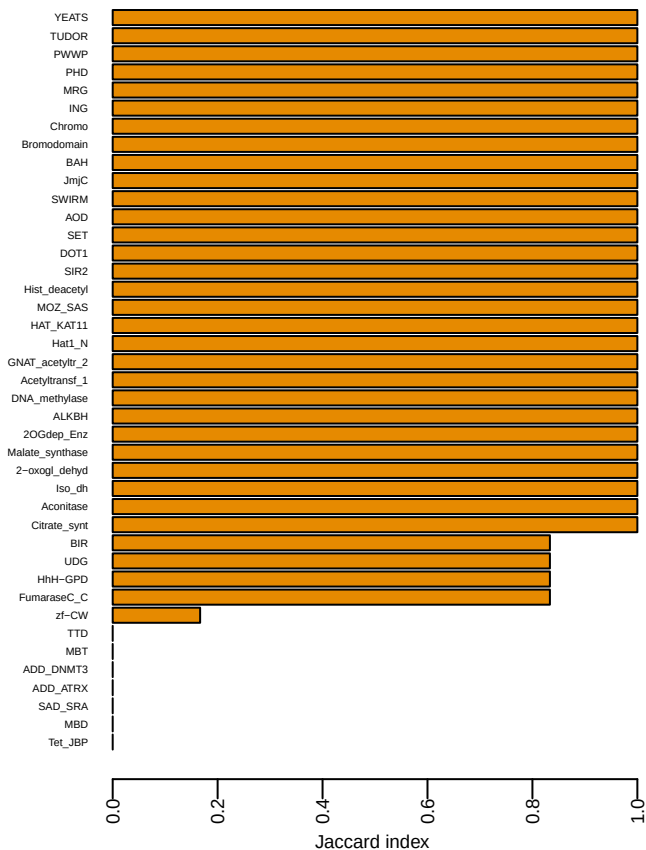

Jaccard overlap scores (Corallochytreia)

Similarity between the Phylum-level distribution of ICL with other domains

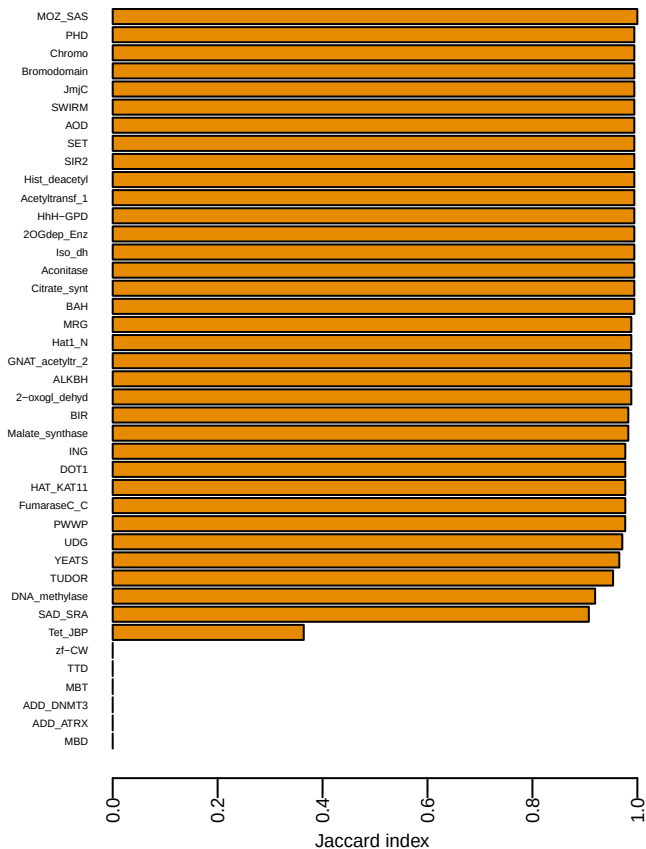

Jaccard overlap scores (Ichthyosporea) Similarity between the Phylum-level distribution of ICL with other domains

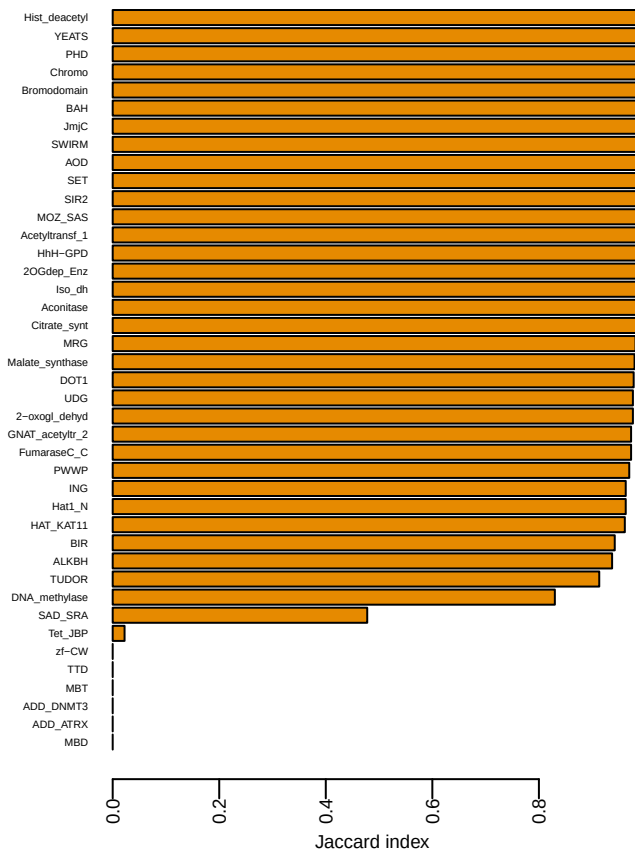

Jaccard overlap scores (Basidiomycota)

Similarity between the Phylum-level distribution of ICL with other domains

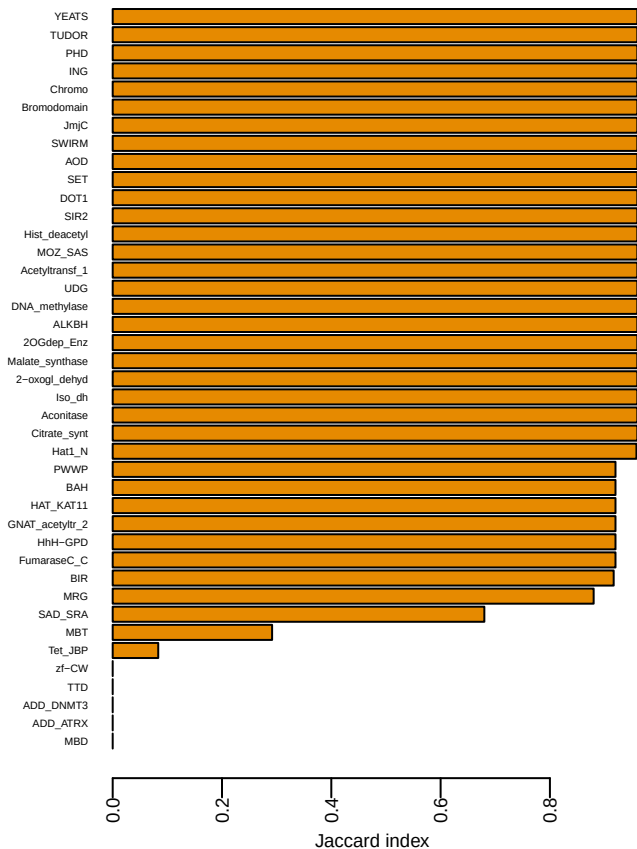

Jaccard overlap scores (Ascomycota)

Similarity between the Phylum-level distribution of ICL with other domains

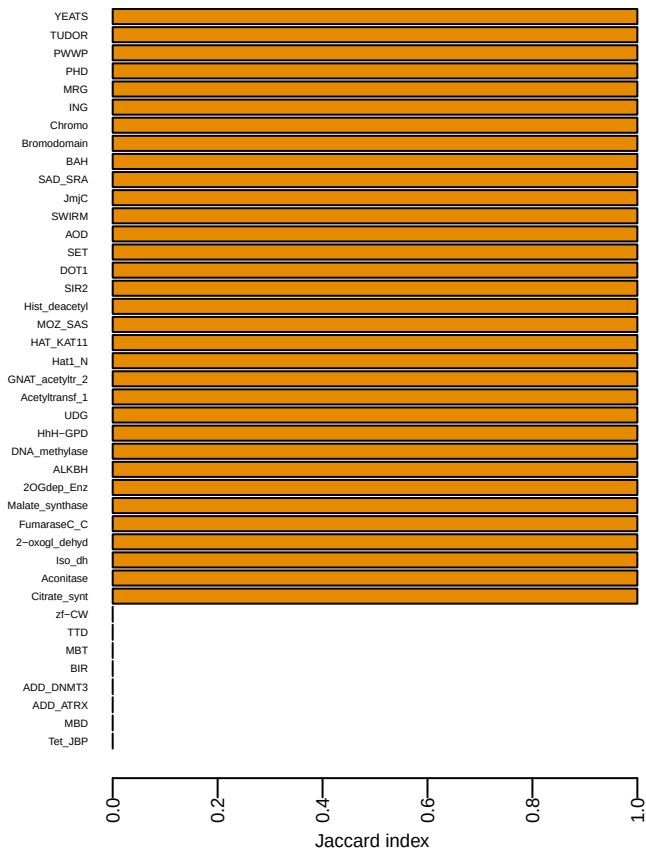

Jaccard overlap scores (Mucoromycota)

Similarity between the Phylum-level distribution of ICL with other domains

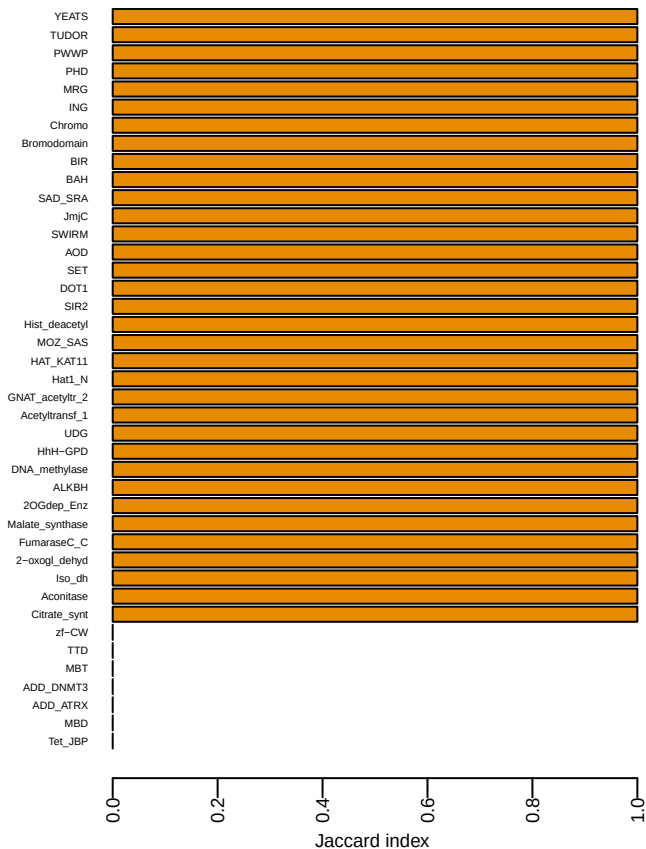

Jaccard overlap scores (Zoopagomycota)

Similarity between the Phylum-level distribution of ICL with other domains

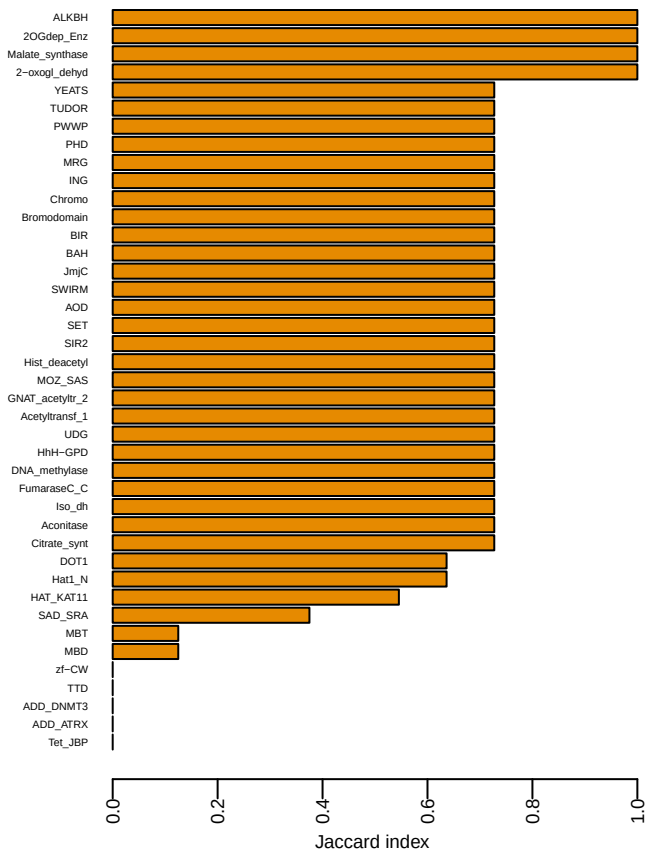

Jaccard overlap scores (Blastocladiomycota)

Similarity between the Phylum-level distribution of ICL with other domains

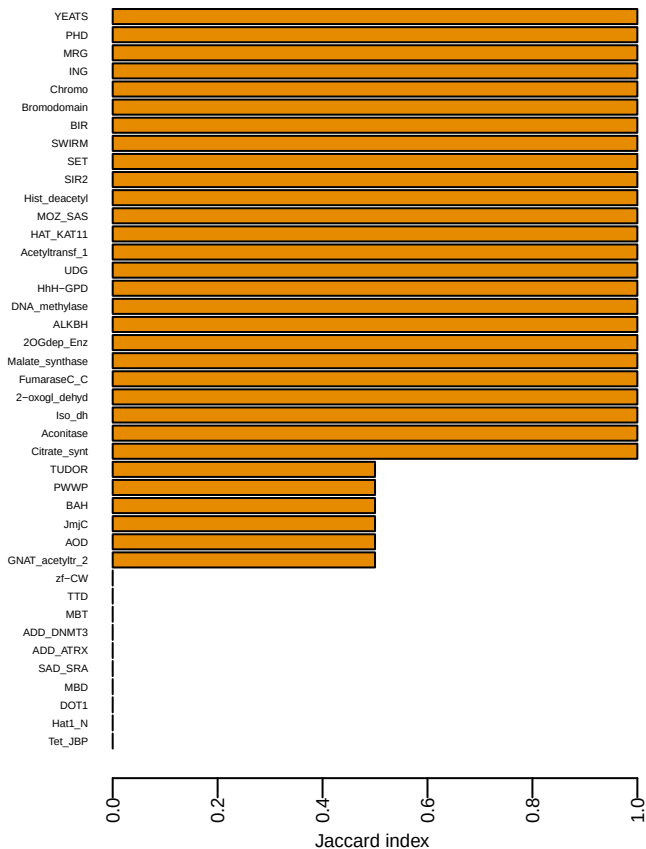

Jaccard overlap scores (Chytridiomycota)

Similarity between the Phylum-level distribution of ICL with other domains

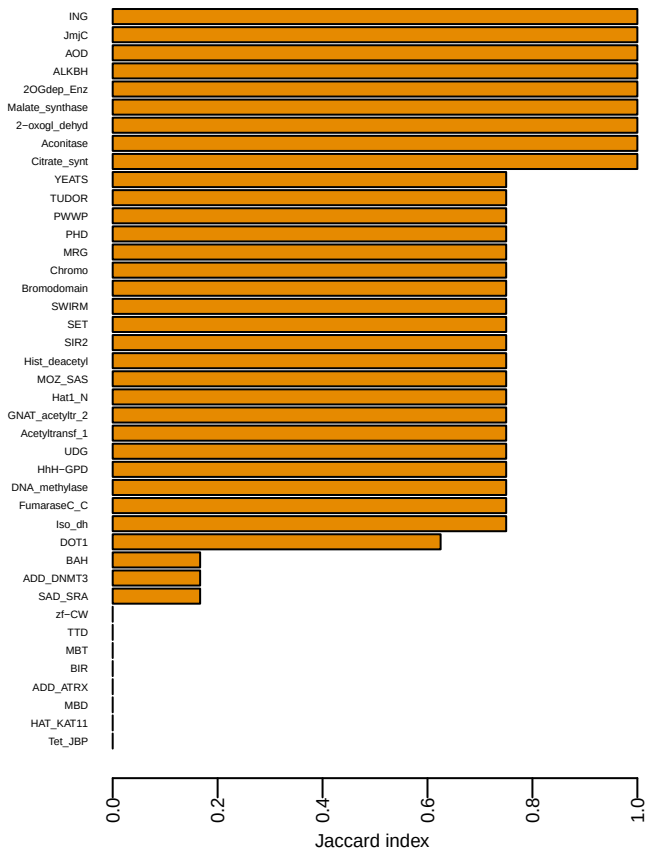

Jaccard overlap scores (Cryptomycota)

Similarity between the Phylum-level distribution of ICL with other domains

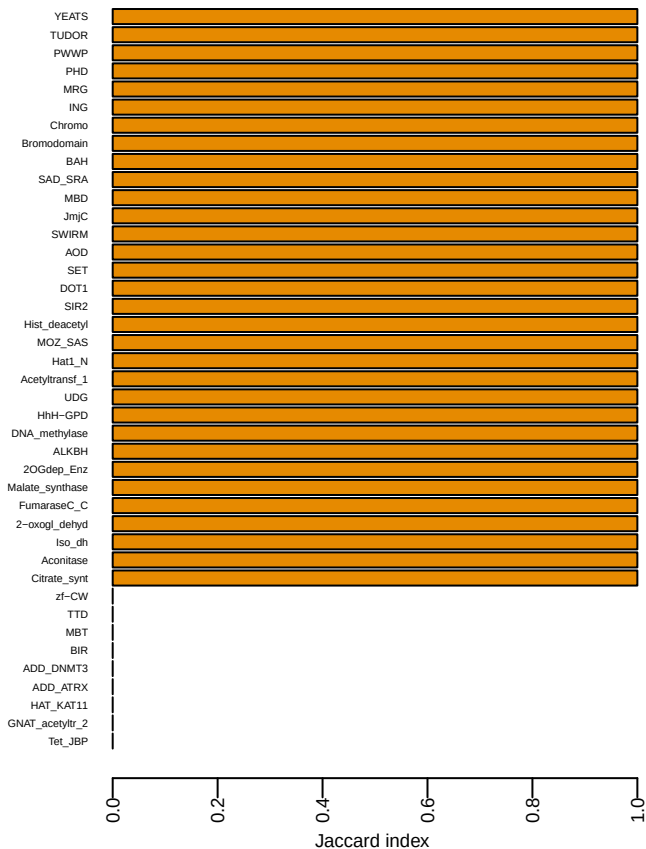

Jaccard overlap scores (Evosea)

Similarity between the Phylum-level distribution of ICL with other domains

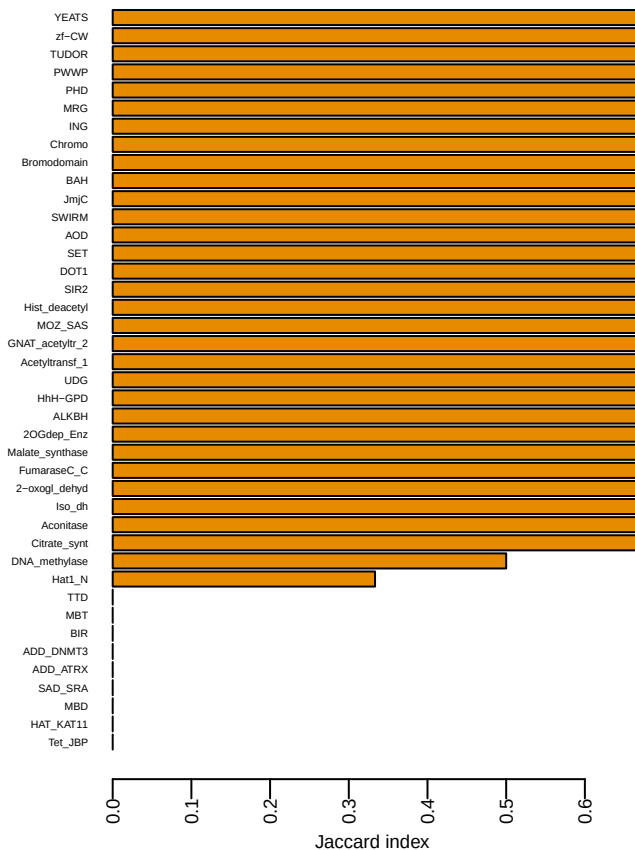

Jaccard overlap scores (Discosea)

Similarity between the Phylum-level distribution of ICL with other domains

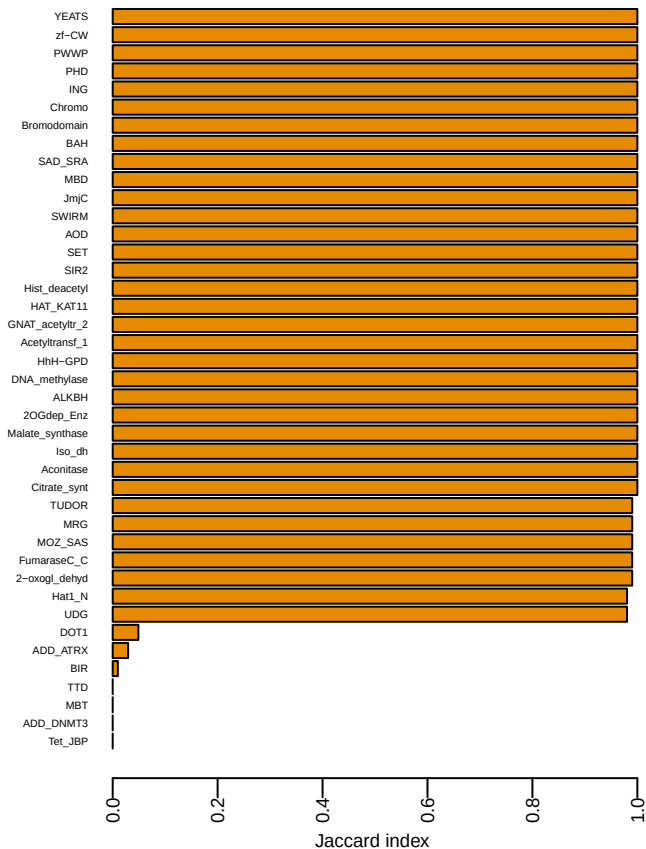

Jaccard overlap scores (Malawimonada)

Similarity between the Phylum-level distribution of ICL with other domains

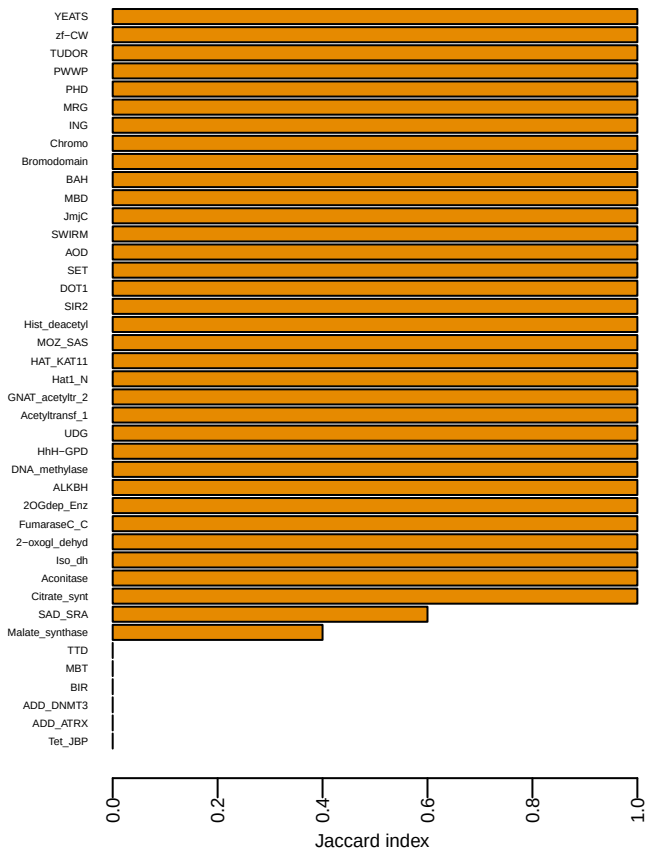

Jaccard overlap scores (Streptophyta)

Similarity between the Phylum-level distribution of ICL with other domains

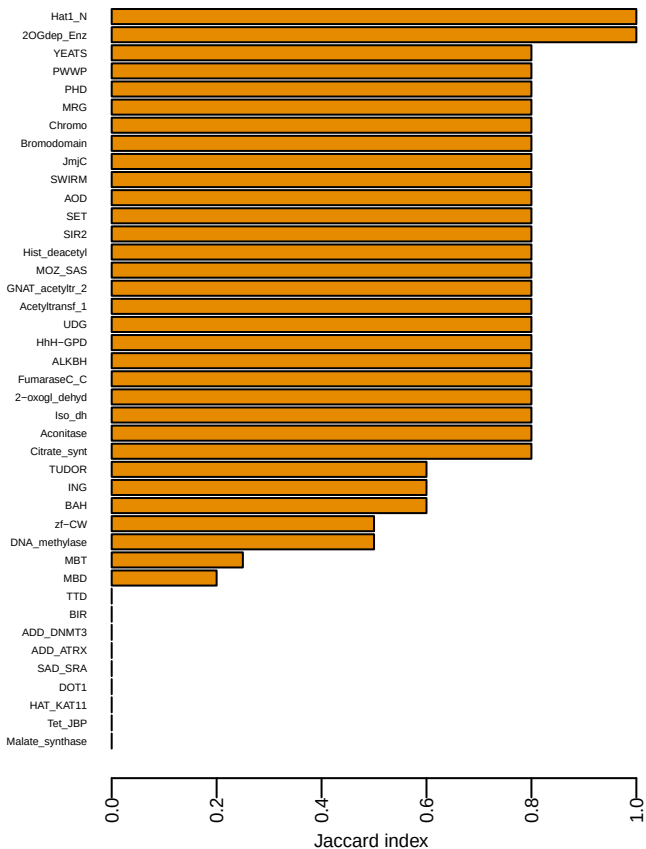

Jaccard overlap scores (Chlorophyta)

Similarity between the Phylum-level distribution of ICL with other domains

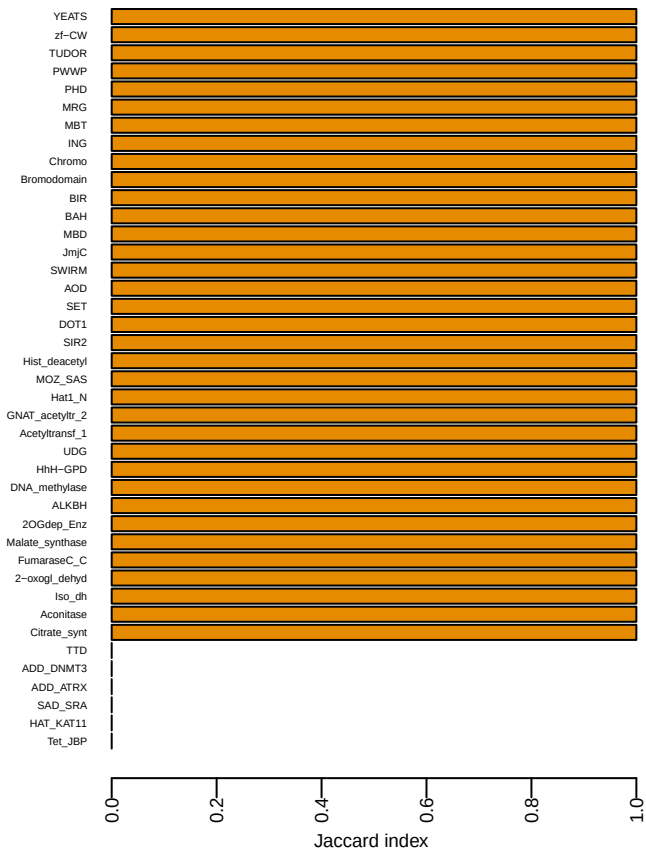

Jaccard overlap scores (Rhodophyta)

Similarity between the Phylum-level distribution of ICL with other domains

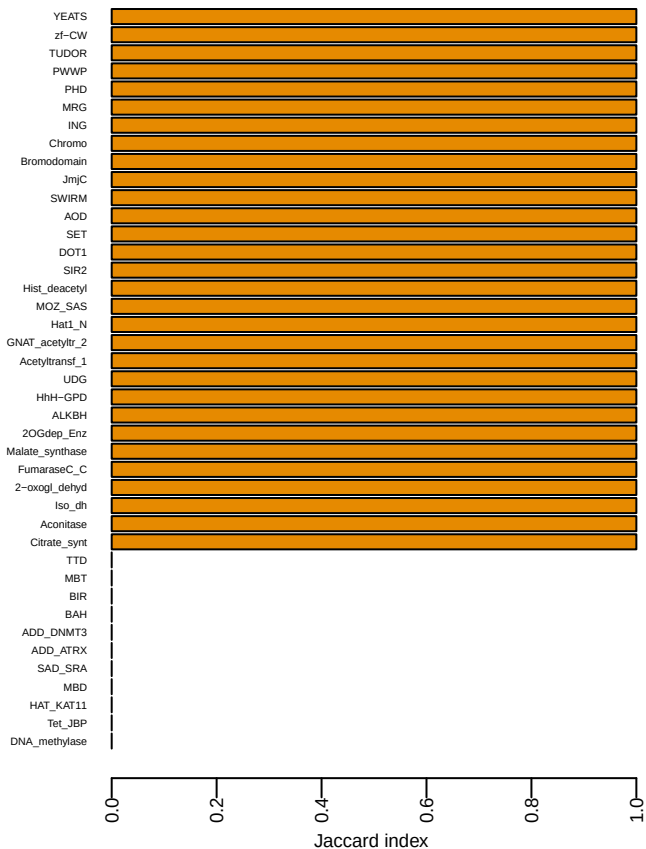

Jaccard overlap scores (Cercozoa)

Similarity between the Phylum-level distribution of ICL with other domains

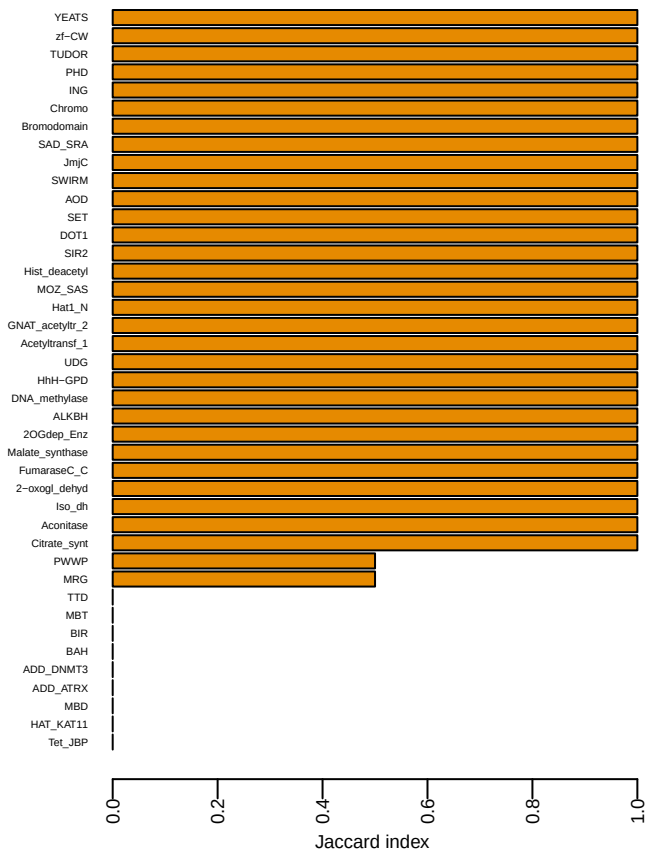

Jaccard overlap scores (Endomyxa)

Similarity between the Phylum-level distribution of ICL with other domains

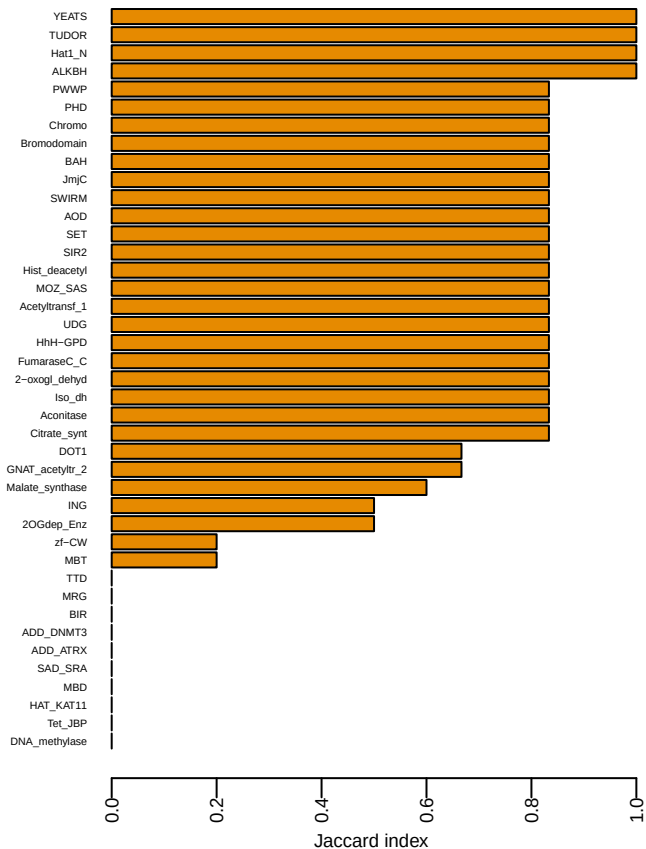

Jaccard overlap scores (Chromerida)

Similarity between the Phylum-level distribution of ICL with other domains

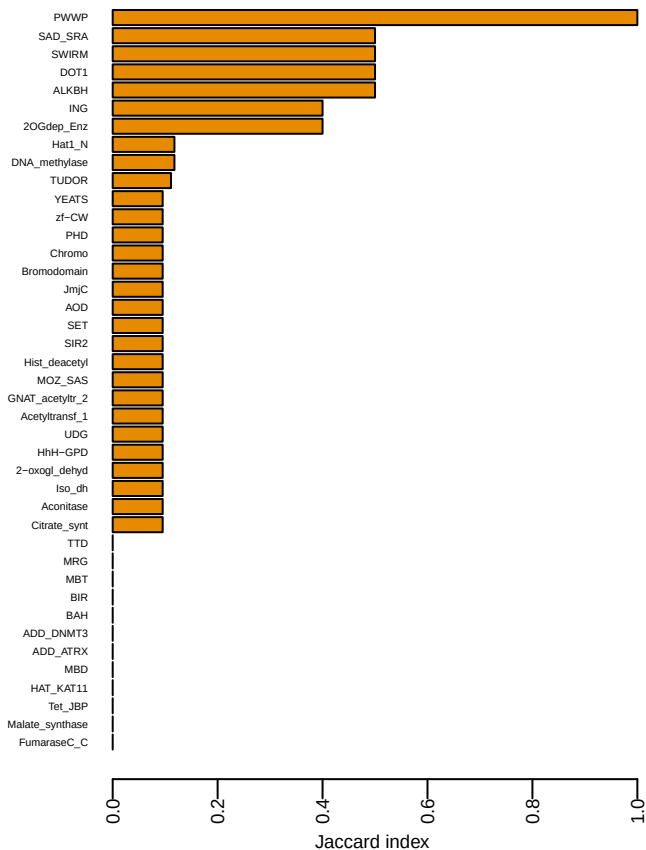

Jaccard overlap scores (Ciliophora)

Similarity between the Phylum-level distribution of ICL with other domains

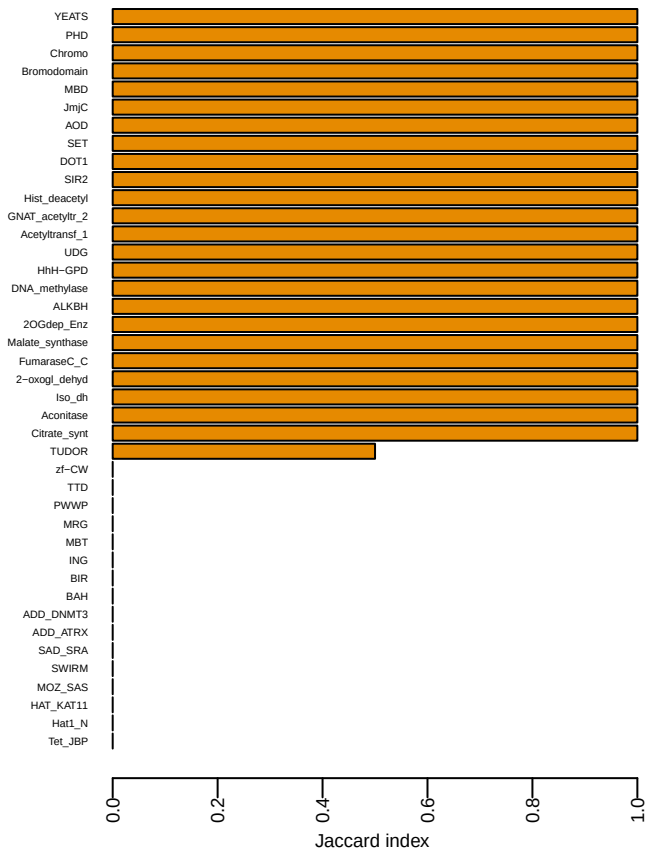

Jaccard overlap scores (Apicomplexa)

Similarity between the Phylum-level distribution of ICL with other domains

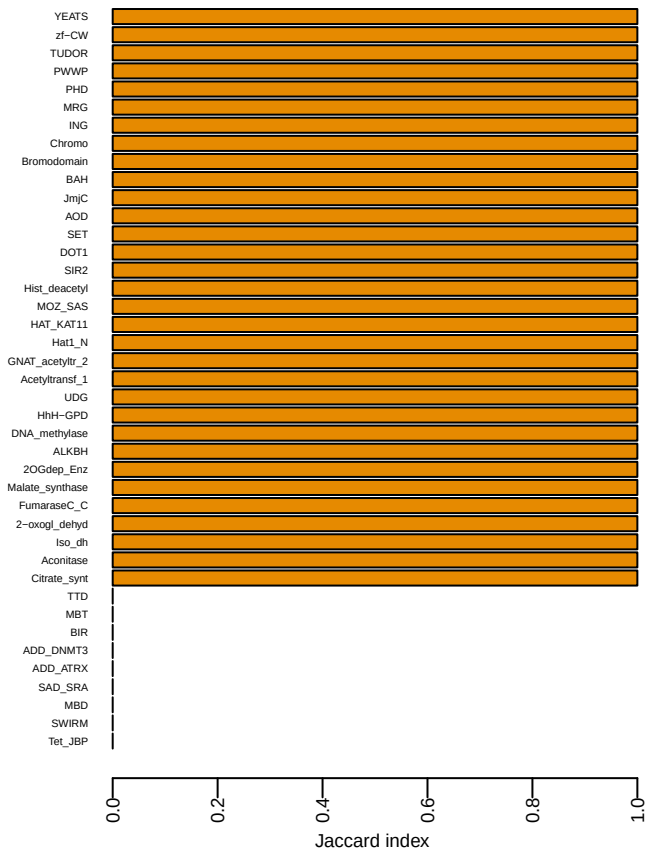

Jaccard overlap scores (Dinoflagellata)

Similarity between the Phylum-level distribution of ICL with other domains

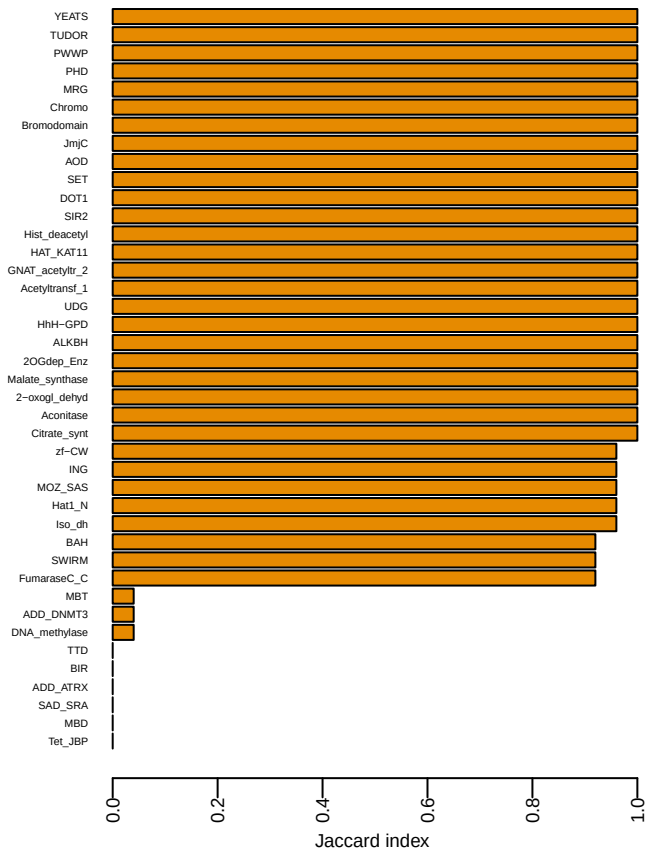

Jaccard overlap scores (Bigyra)

Similarity between the Phylum-level distribution of ICL with other domains

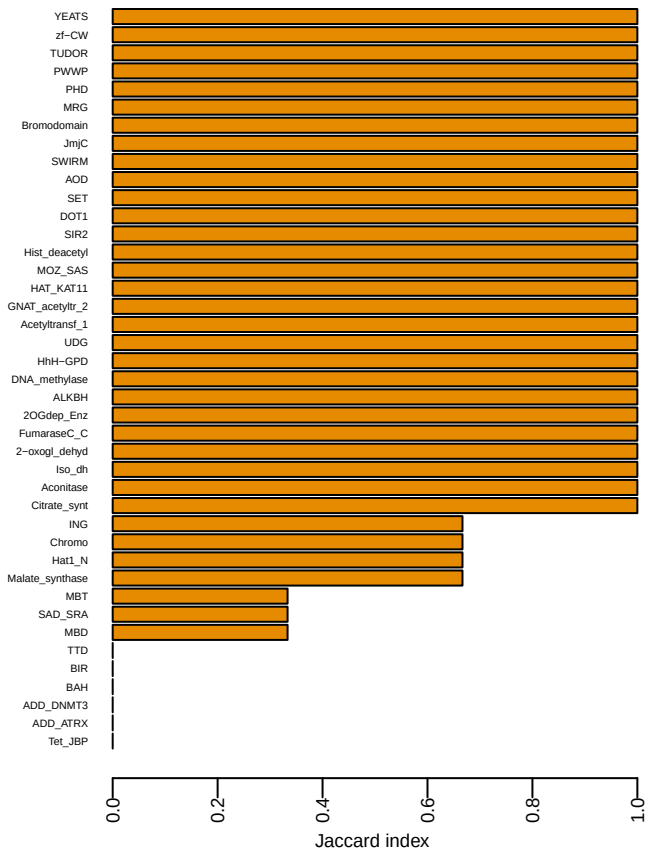

Jaccard overlap scores (Oomycota)

Similarity between the Phylum-level distribution of ICL with other domains

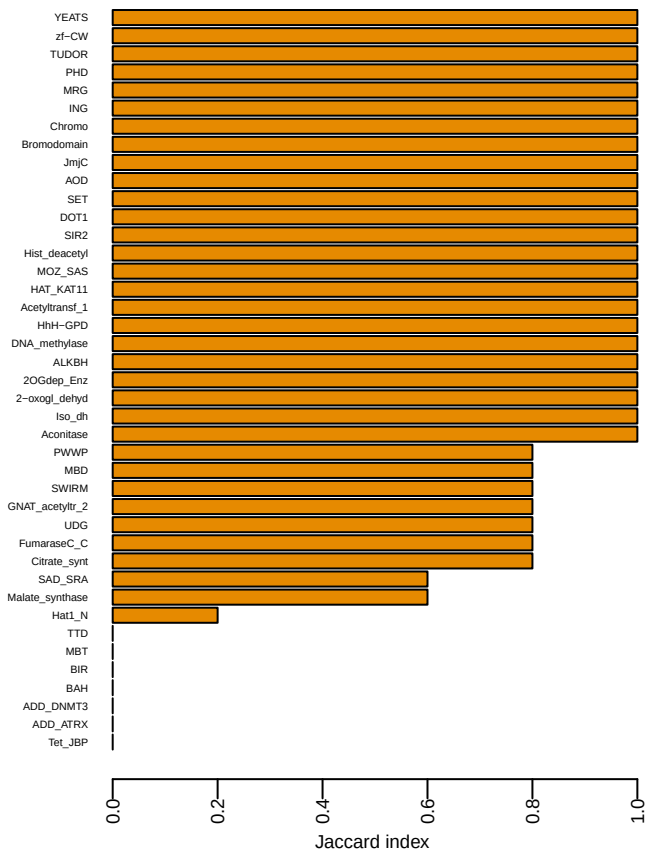

Jaccard overlap scores (Ochrophyta)

Similarity between the Phylum-level distribution of ICL with other domains

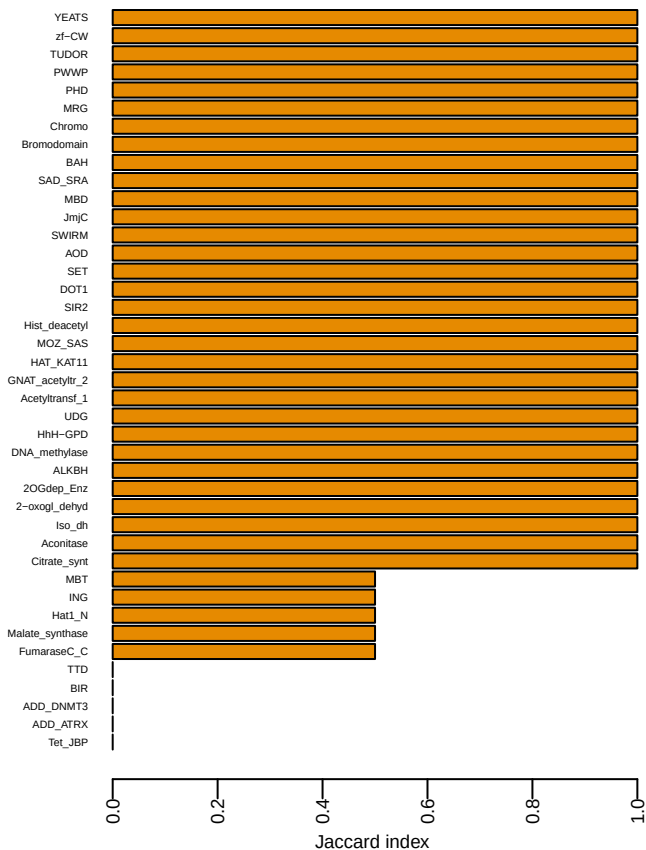

Jaccard overlap scores (Bacillariophyta)

Similarity between the Phylum-level distribution of ICL with other domains

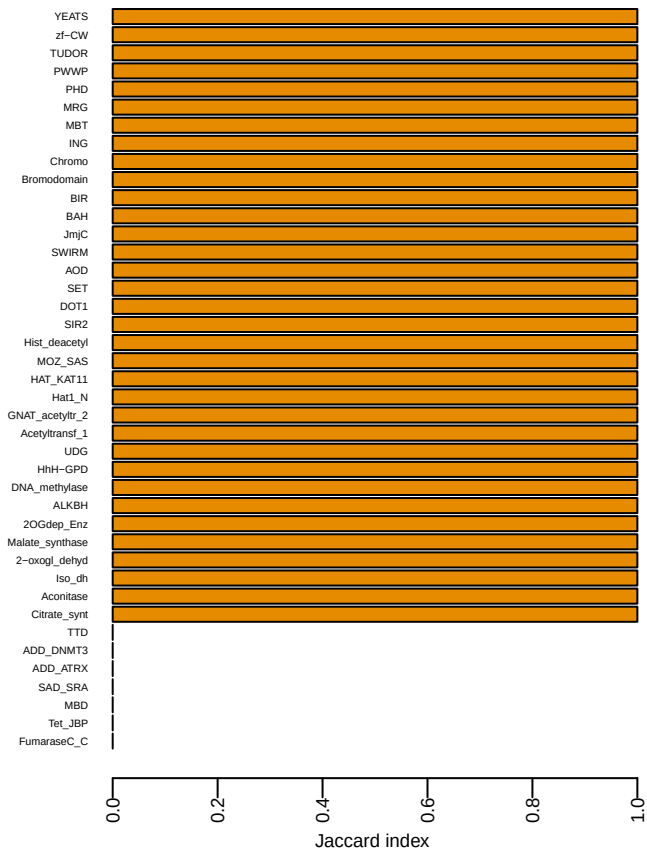

Jaccard overlap scores (Haptophyta)

Similarity between the Phylum-level distribution of ICL with other domains

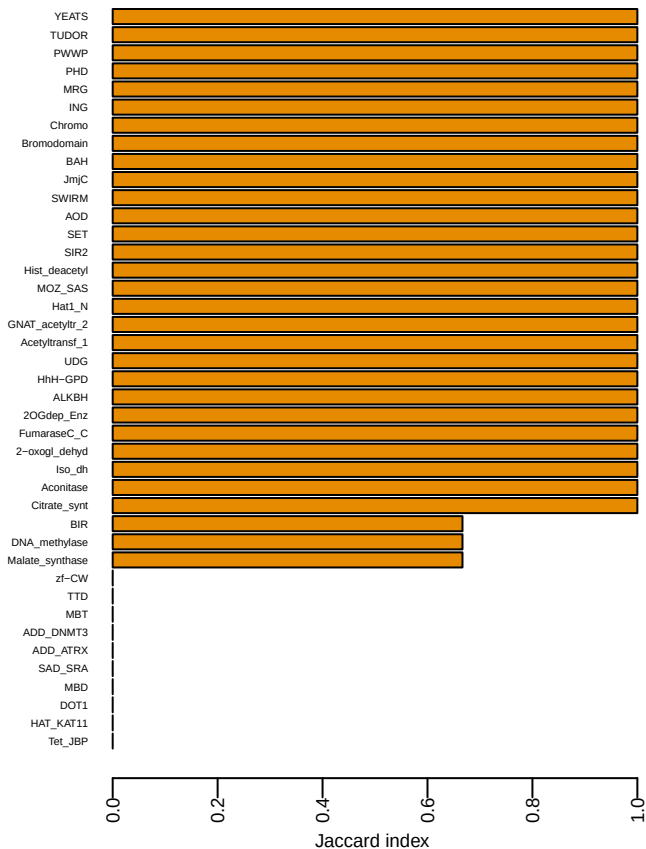

Jaccard overlap scores (Cryptophyceae)

Similarity between the Phylum-level distribution of ICL with other domains

Jaccard overlap scores (Jakobea)

Similarity between the Phylum-level distribution of ICL with other domains

Jaccard overlap scores (Heterolobosea)

Similarity between the Phylum-level distribution of ICL with other domains
